
TOWN OF BYRON SOUVENIR CALENDAR 2008

Recalling Farms, Fields and Family: Agriculture in the Town of Byron

The importance of agriculture as a way of life for Town of Byron families is reflected in this calendar's photographs that range from early days of steam engines and grain binders to modern technology that dominated agriculture in the years following World War II. The calendar includes 33 photographs along with an 1874 and 1910 Town of Byron plat map insert. Click on the photograph name index for a listing of individuals included in the calendar.
